SDG Goal 5	Gender equality
SDG Target 5.6	Ensure universal access to sexual and reproductive health and reproductive rights as agreed in accordance with the Programme of Action of the International Conference on Population and Development and the Beijing Platform for Action and the outcome documents of their review conferences
SDG Indicator 5.6.2	Number of countries with laws and regulations that guarantee full and equal access to women and men aged 15 years and older to sexual and reproductive health care, information and education
Time series	Access to sexual and reproductive health care, information and education

1. General information on the time series
   - Date of national metadata: September 22, 2026
   - National data: https://sdg-indicators.de/5-6-2
   - Definition: The time series shows the existance and scope of national laws and regulations that guarantee women and men aged 15 years and over unrestricted and equal access to sexual and reproductive health services, information and education. The time series comprises 13 components, which are grouped into four sections:

     SECTION I: MATERNITY CARE
     Component 1: Maternity care
     Component 2: Life-saving commodities
     Component 3: Abortion
     Component 4: Post-abortion care

     SECTION II: CONTRACEPTION SERVICES
     Component 5: Contraception
     Component 6: Consent for contraceptive services
     Component 7: Emergency contraception

     SECTION III: SEXUALITY EDUCATION
     Component 8: CSE law
     Component 9: CSE curriculum

     SECTION IV: HIV and HPV
     Component 10: HIV testing and counselling
     Component 11: HIV treatment and care
     Component 12: Confidentiality of health status for men and women living with HIV
     Component 13: HPV vaccine

   - Disaggregation: Thematic area

2. Comparability with the UN metadata
   - Date of UN metadata: July 2024
   - UN metadata: https://unstats.un.org/sdgs/metadata/files/Metadata-05-06-02.pdf

- The time series is compliant with the UN metadata.

3. Data description
   - The data is based on the German Government's official response to the United Nations survey on population and development, specifically the module on reproductive health. The questions in this module are answered by the Federal Ministry for Education, Family Affairs, Senior Citizens, Women and Youth (BMBFSFJ). Each question is relevant to the calculation of a component, either as an enabler or as a barrier.

4. Access to data source
   - UNFPA Questionnaire, assessment 2019: https://sdg-indikatoren.de/public/12th_Inquiry_among_Governments_on_Population_and_Development_2021_RH_Module.pdf
   - UNFPA Questionnaire, assessment 2021: https://sdg-indikatoren.de/public/13th_Inquiry_among_Governments_on_Population_and_Development_2021_RH_Module.pdf
   - UNFPA Questionnaire, assessment 2025: https://sdg-indikatoren.de/public/14th_Inquiry_among_Governments_on_Population_and_Development_2021_RH_Module.pdf

5. Metadata on source data
   - Not available.

6. Timeliness and frequency
   - Timeliness: Not available.
   - Frequency: Every 2 years

7. Calculation method
   - Unit of measurement: Percentage
   - Calculation: Not applicable.

$$\text{Indicator} = \frac{\sum_{i=1}^{n} \left({}^{e_i}/_{E_i} - {}^{b_i}/_{B_i} \right)}{n} \cdot 100\ [\%]$$

With:
i = Component (see definition)
e_i = Number of enablers in component i
E_i = Total number of enablers in componente i
b_i = Barriers in component i
B_i = Total number of barriers in component i
